Children love it – it's so easy to use and becomes part of the play routine.

But do you have trouble with clean hand training?

- Do you have to drag children away from play to some adult type wash room or toilet?
- Can they then reach the bowl comfortably and can they use the old fashioned type twist taps?
- Is getting them to mix hot and cold water an invitation for chaos?

The KiddiSynk can be used indoors and out

- Do you have to drag children away from play to some adult type wash room or toilet?

- The waste water is secure in the separate 10 litre container.
- Easy to fill and easy to empty.
- No moving parts to trap tiny fingers.
- Fill with 8 litres of fresh warm water to achieve up to 40-ten second washes at an ideal temperature for small hands.
